

# EVIDENCE INTO ACTION:

## Cardiovascular prevention and care

You are invited to join us for a knowledge sharing event focused on cardiovascular disease (CVD).

This session offers a valuable opportunity to share and discuss evidence, insights and practical experiences on the ABCs of CVD prevention and care- Atrial fibrillation, Blood pressure, and Cholesterol. Together we'll explore how to translate knowledge into meaningful change.

### Join us if you want to:

- Learn from the latest research and insights on cardiovascular disease
- Work together to bridge the gap between evidence and practice.
- Connect with leaders and practitioners to explore shared challenges.
