

Share your ideas and opinions about research to improve health and social care

We are looking for people to join our team of public contributors. Your ideas and opinions are valuable to our researchers.

What do I need to do?

- Attend an online meeting once a month, for 90 minutes.
- A researcher will tell the group about their research project and will ask your thoughts and opinions of their plans.
- You do not need any specialist knowledge or qualifications.
- Public involvement is for everyone who wants to improve research.

How can I help shape research?

- Identifying topics and questions that are important to patients, service users, carers and the public
- Helping to make information about research easier for people to understand
- Helping to share results of research in ways that are easy to understand

How will I be supported?

Bryony will provide induction to the group and any training or support to make sure you can be fully involved. You will be reimbursed for your time at a rate of £25 per hour.

Bryony
Public Involvement Lead

How can I find out more?

Contact Bryony to find out more and get involved:
Call 01223 534669 or email bryony.porter@cpft.nhs.uk
