COVID-19 and health inequalities: Levelling-up in our post-pandemic future

14 October 2020, 2-3pm
Chaired by Dr Luke Munford
Health Economist, University of Manchester

Examining the implications of COVID-19 for health inequalities

Professor Clare Bambra, Professor of Public Health, Newcastle University and Inequalities Lead for the NIHR ARC North East and North Cumbria

What can health organisations do to address inequalities?

Dr John Ford, Clinical Lecturer in Public Health at Cambridgeshire and Peterborough CCG and the University of Cambridge

Including an opportunity for Q&As with the panel

Who is it for?

Anyone with an interest in public health and inequalities – including researchers, policy makers and the practice community within the wider health system

Delivered by:

NIHR Applied Research Collaboration for the North East and North Cumbria, in partnership with the NIHR School for Public Health Research, Fuse – the Centre for Translational Research and Equal England.
