

Access to Healthcare in the East of England for Gypsies, Roma, Showmen families, Boaters and Travellers: Where are we now? and Where are we going?

This workshop is for Romani, Travellers, community workers, health professionals, local/national policy makers/ influencers, researchers, and all interested in improving access to healthcare

We are coming together to share what is happening now to improve access to healthcare and what else we would like to happen. Everyone's experiences and ideas are valuable.

We hope that by sharing knowledge, actions and priorities, we can help each other to address issues of access, and reduce health problems.

Funding is available to help people who are unpaid or on a low wage to attend.

Thursday 28th April 2022

10:00 – 1:00pm

Online event
